ALMA MATER

Dear Saginaw, we love thee, thy ivy - covered walls, the friends
that we have made here within thy hallowed halls, The spirt is
within us to learn to win o'er all; We never shall foget you,are
our vanguard tall. You have made us what we are until the
day we die. I never shall forget you, Dear Saginaw High .

WE MAJOR IN STUDENT LOANS.

The cost of a college education has never been steeper. That's why it's never been more important to get the financing right, with the right kind of student loan.

And it's really quite easy to get it wrong.

Today there are several types of excellent student loan programs addressed to different financial situations, and it takes sound counsel to weigh the alternatives.

At Second National we're schooled in the ins and outs of student loans, and we'd like to sit down and discuss them with you. Please take the time, because, even if how you go to college isn't quite as important as where you go to college, it's certainly high on the list.

For more information or to set up an appointment, please call (517) 776-7299. It's simple: we take a higher degree of interest in your future.

Where Teachers Care About Kids!

SCHOOLS and their employees have a heavy responsibility in our society. Their goals are linked to the future and well-being of our country -- to provide our children with the basic knowledge and skills they need in a complicated, high-technology world, to inspire them to become active participants in the democratic way of life, to help them attain their fullest potential, and to make them realize that education is a lifelong quest.

IN an age where many raise the cry for a return to the "basics," nothing is more important to America's greatness and hopes for the future than universal, tuition-free, quality public education.

SAGINAW CITY TEACHERS . . . helping today so that tomorrow finds this nation and our world a better place to live.
